

## Artesys® - A managed account option

### As an independent managed account provider, Artesys:

- > will actively manage your retirement account for you within available retirement plan investment choices .
- > seeks to maximize your expected return at a level of risk you're willing to take.
- > will help eliminate short-term mistakes that can hurt long-term results through the use of up-front and ongoing education.

Based on your age, retirement goals, and tolerance for risk, Artesys offers you a choice of an "Offensive" or "Defensive" approach to investing.

### Offensive Approach

The Offensive Approach is a long-term buy-and-hold approach to investing. The account remains fully invested at all times.

A candidate for the Artesys Offensive Approach has confidence that the market, while expecting periods of volatility, will ultimately be greater in value at retirement than it is today and that best results are achieved by remaining fully invested. Their primary objective is to maximize returns - even if it means taking more risk.

### 5 Offensive Portfolios

Seeks to maximize returns—even if it means taking more risk.

### Defensive Approach

The Defensive Approach is a short-term buy-and-sell approach to investing. The account does not remain fully invested at all times. During periods of market uncertainty, Artesys will move some or all of the portfolio's funds, composed of stocks, into more conservative fixed-income fund alternatives.

A candidate for the Artesys Defensive Approach has confidence that the market will ultimately be greater in value at retirement than it is today, but wishes to avoid periods of decline. Their primary objective is to minimize risks - even if it costs some returns.

### 3 Defensive Portfolios

Seeks to minimize risks—even if it costs some returns.

Tax qualified retirement plans from American United Life Insurance Company® (AUL) are funded by an AUL group annuity contract. While a participant in an annuity contract may benefit from additional investment- and annuity-related benefits under the annuity contract, any tax deferral is provided by the plan and by the annuity contract.

**Variable products are sold by prospectus. Both the product prospectus and underlying fund prospectuses can be obtained from your investment professional or by writing to OneAmerica, 433 N. Capitol Ave., Indianapolis, IN 46204, 877-285-3863. Before investing, carefully consider the fund's investment objectives, risks, charges, and expenses. The product prospectus and underlying fund prospectus contain this and other important information. Read the prospectuses carefully before investing.**

Investing in registered or variable products involves risks. Money can be lost, and past performance is not necessarily indicative of future performance.

Any investment involves risk, and there is no assurance that the investment objective of any investment option will be achieved. There can be no assurance that the investment objectives of the Artesys portfolios will be achieved or that results will be profitable. Before investing, understand that variable annuities are subject to market risk, including possible loss of principal.

Artesys charges a management fee, but there are no additional fees for the Offensive or Defensive approach.

Artesys, R.T. Jones Capital Equities Management, Inc. (a SEC registered investment advisor) and R.T. Jones Capital Equities (a FINRA Member broker dealer) are wholly owned by R.T. Jones, F.S. Ladner & Associates, Inc. are not affiliates of American United Life Insurance Company® (AUL) or OneAmerica Securities and are not OneAmerica companies.

Guided into one Offensive or Defensive Portfolio

## Offensive Portfolios

## Defensive Portfolios

If you choose, Artesys will move you to more conservative portfolios as you near retirement.

.75% on the first \$750,000, .50% on \$750,001 and above. Fee is cumulative: the total of all participant accounts electing Artesys is run through the fee schedule with the resulting cumulative discounted rate applied to all Artesys users, regardless of the account balance.

For example, the total of all participant accounts electing Artesys and the resulting Artesys fee applied to each participant regardless of account balance (rounded to the nearest 100th decimal) :

- Less than \$750,000 – cost per Artesys user: .75%
- \$1,000,000 – cost per Artesys user: .69%
- \$2,000,000 – cost per Artesys user: .59%
- \$4,000,000 – cost per Artesys user: .55%
- \$8,000,000 – cost per Artesys user: .52%
- \$16,000,000 – cost per Artesys user: .51%

Example:

\$53,250 @ .59% = \$78.42 per quarter
